

CREW OF ELEVEN
PROBABLY DEADBritish Submarine Boat Fails to
Regain Surface.

ACCIDENT DURING MANEUVERS

Rescue Boats Drag Whitesand Bay
With Grappling Hooks in Hope of
Locating Sunken Vessel and Rais-
ing Her to the Surface—Naval Offi-
cials Believe That All on Board
Have Perished.

Plymouth, Eng., Jan. 17.—Two officers and nine men, comprising the crew of the British submarine boat A-7, are trapped in their craft beneath the waters of Whitesand bay, about five miles southwest of Plymouth. Whether the men are dead or alive has not been established, but navy officials here expressed the opinion that all have perished.

The exact spot where the little vessel sank has not been definitely fixed. The A-7, in company with the A-8 and A-9, made a plunge while engaged in maneuvers. Her sister ships came to the surface at the end of the maneuvers, but nothing has been seen of the A-7 since she opened her valves and dived.

Rescue boats dragged the bay. Their efforts were fruitless, however, for never once was there a tug at a chain of the grappling irons to indicate that the iron sides of the plunger had been struck.

The cause of the accident is not known. Whether the submarine's machinery became disabled or whether she tore a hole in her side on some sunken object is the merest speculation.

Men Could Live Twelve Hours.

Naval officers estimate that in case the vessel's hull has not been punctured men on board her might live at least twelve hours beneath the water.

This is the sixth submarine of Class "A" which has come to grief and the question is being raised whether the government ought not to abandon this type of boat in favor of the more modern vessels of the "C" and "D" classes.

The flotilla of submarines left Devonport for maneuvers. Arriving at Whitesand bay the A-7 departed from her sister ships and dived to fire torpedoes. There was a moderate sea running and conditions otherwise were favorable for submarine operations.

When the A-7 had been below half an hour—an unusual time for vessels of her class—officers aboard the other two boats tried to communicate with her. Failing to get a response and realizing that an accident had happened they placed a buoy where the submarine had disappeared and steamed hurriedly for Devonport for assistance.

When the salvage vessels reached Whitesand bay a rather heavy sea was running and this, apparently, had washed away the marking buoy from the spot where the A-7 had made her plunge. The seamen took cross-bearings of the vicinity. By these they think they fixed approximately the position of the sunken craft.

APPOINTS UTILITIES BOARD

Governor General of Philippines Re-
ports His Action.

Washington, Jan. 17.—Appointment of a new public utilities commission in the Philippines, patterned after the New Jersey commission, was announced to the war department in a dispatch from Governor General Harrison. Judge Mariano Cui has been named chairman to serve six years and the other members are Stephen Bonsal, four years, and Clyde A. De Witt, two years. Judge Cui long has been prominent in Philippine affairs; Bonsal was Governor Harrison's secretary and De Witt, an attorney, has been in the Philippines since 1902.

DANIELS SAVES A MILLION

Buys Projectiles at Big Reduction in
Price.

Washington, Jan. 17.—Another million dollars saved to the navy was announced by Secretary Daniels when he placed contracts for \$1,917,340 worth of armor piercing and common projectiles. At last year's prices the projectiles would have cost \$3,025,200.

SMALL AMOUNT CULTIVATED

Only 27 Per Cent of Tillable Land in
United States in Use.

Washington, Jan. 17.—Only 27 per cent of the tillable land of the United States is actually under cultivation, according to estimates of the department of agriculture, based upon reports of 35,000 correspondents. Further investigation in the far Western states may modify somewhat the present estimate for those states.

The entire United States, excluding foreign possessions, contains about 1,900,000,000 acres. Of this area about 60 per cent or 1,140,000,000 acres is estimated to be tillable.

According to the census of 1909 the land area in crops where acreage was given was 311,000,000 acres. This is about 16 per cent of the total land area, or about 27 per cent of the estimated potential tillable area of the United States, excluding foreign possessions.

TELEGRAM ASKS
FOR RETRACTIONCopper Country Progressives
Wire Congressman.

STATEMENT AROUSES WRATH

Fourteen Houghton (Mich.) Bull
Moosers Telegraph Representative
W. J. MacDonald at Washington
Demanding Retraction of His Al-
leged Assertion Regarding Condi-
tions in the Strike District.

Houghton, Mich., Jan. 17.—A telegram signed by fourteen members of the Progressive party, including several county committeemen, was sent to Congressman W. J. MacDonald at Washington, demanding that he retract the statement attributed to him "that the constitutional rights of citizens and laws are overthrown in this district."

Senator Ashurst's explanation of his resolution urging an inquiry of conditions in the copper country made in the senate included the authorized statement of Mr. MacDonald.

Developments in the copper miners' strike were limited to additional arrests under the indictments returned by the special Houghton county grand jury. Thirty of the thirty-eight strikers and labor leaders accused of conspiring to prevent nonunion men from working in the mines have been taken into custody and the release of nearly all of them under bond has been arranged.

Prosecuting Attorney Hamilton of Keweenaw county appeared before Justice Medlyn in behalf of Ahmeek strikers and demanded warrants for the arrest of Deputy Sheriff Harris and a number of mounted guards, who compelled a crowd of union men to disperse after they had gathered near the union store on Wednesday evening. Harris, it is said, explained to the strikers that they were violating the injunction. Justice Medlyn declined to issue the warrants unless the prosecutor would issue formal complaints.

LOVE FEAST FOLLOWS FIGHT

Minnesota Agricultural Society Holds
Warm Election.

St. Paul, Jan. 17.—A complete rout of the "insurgents" ended the annual meeting of the State Agricultural society after six hours of continuous session, during which there were all kinds of pyrotechnics and one bunch of fireworks for a few moments looked threatening.

Although they fought to the finish and refused to surrender the "insurgents" accepted defeat and a love feast followed.

George Atchison of Mankato was re-elected to the fair board over A. P. Ritchie of Bemidji, 188 to 50½. W. W. Slivright of Hutchinson was elected over John Timpane of Waterville, 178 to 54½. In both cases the losing side moved to make the election unanimous.

PEIL QUILTS HILL SYSTEM

Assistant to North Bank President
Says He Needs Vacation.

Portland, Ore., Jan. 17.—Frank A. Peil, assistant to the president of the North Bank road and affiliated Hill lines, has resigned, to take effect Feb. 1.

Peil holds one of the most remarkable records in railroadings, having been associated with six successive presidents of the Hill group of roads since coming to Portland seven years ago from St. Paul.

While Mr. Peil has a number of railroad propositions in mind he says he will not decide as to his future plans for a month.

EASTERN HEARINGS ENDED

Federal Reserve Organization Board
Concludes First Part of Work.

Washington, Jan. 17.—Hearings on the rival claims of Eastern cities desiring to be chosen by the federal reserve organization board as locations for regional banks were concluded here. The organization committee, Secretary McAdoo and Secretary Houston, will leave for the West to conduct hearings.

They may be joined later by John Skelton Williams, whose nomination as comptroller of the currency goes to the senate. The comptroller is the ex-officio third member of the committee.

The last city to present its claim was Pittsburgh.

MEDALS FOR HEROES OF SEA

Four Honored for Bravery in Rescu-
ing Members of Crew.

New York, Jan. 17.—The Life Saving Benevolent association presented gold medals to Captain William T. Aspinwall and the three officers of the Booth line steamship Gregory for their bravery in rescuing five men from a lifeboat of the tank steamer Oklahoma, which broke in two off Barnegat Jan. 4.

SENATOR TILLMAN.

South Carolinian Confined
to His Bed by Erysipelas.

SENATOR TILLMAN IS ILL

Confined to Bed by Erysipelas, but Is
Not in Danger.

Washington, Jan. 17.—Senator Tillman of South Carolina is confined to his bed with an attack of erysipelas. The senator has not been in robust health for a long time and his friends are anxious about his condition. Specialists were called in and it was said that the patient was not in danger.

KODAK TRUST MAY
PRESS SOFT PEDALWill Probably Dissolve to Ter-
minate Litigation.

Washington, Jan. 17.—The "Kodak trust" is the latest of the great corporations sued under the Sherman anti-trust act to seek a peaceful settlement of its troubles with the department of justice. Negotiations have progressed so far that an agreement probably will be reached within a short time.

Suit was begun against the Eastman Kodak company of New York at Buffalo last June; answer was made by the defendants and the taking of testimony by the government is near completion. Settlement of the suit may be reached either by an agreement out of court, similar to that with the American Telephone and Telegraph company, or in the form of a "consent decree" registered in a federal court. The success of the agreement plan so far has inclined officials to favor it in this case.

In the bill filed in Buffalo the two Eastman concerns were charged with controlling 72 per cent of the trade of the United States in photographic supplies and with fixing the resale price of cameras, films and other patented supplies. It was the first suit instituted by Attorney General McReynolds applying the principle announced by the supreme court, denying the right to patentees to fix resale prices for retailers.

WILLIAMS FOR COMPTROLLER

Nomination Will Be Favorably Re-
ported to Senate.

Washington, Jan. 17.—The nomination of John Skelton Williams to be comptroller of the currency was ordered favorably reported to the senate by the committee on banking and currency.

The office carries with it a place on the newly created federal reserve board. Senator Reed will report the committee's decision to the senate. "If ever a man proved a clean bill of health Mr. Williams did so," said Senator Reed after the committee concluded an inquiry into Mr. Williams' conduct as assistant secretary of the treasury in connection with a recent financial flurry in Washington.

OFFER CHICAGO A SUBWAY

Promoters Propose System Costing
Up to \$150,000,000.

Chicago, Jan. 17.—A proposition to give Chicago a comprehensive subway system costing from \$80,000,000 to \$150,000,000, to be paid for out of the earnings of the system, was made to Mayor Harrison and a committee of the city council here.

The proposition, which was largely tentative, was made by Walston H. Brown, engineer of New York city, and J. Morton Griffiths of Griffiths & Co., London, Eng. It involves a bond and stock issue to be underwritten abroad if American money is not available, the city to pay 5 per cent interest on the bonds and to receive 35 per cent of the earnings from operation for twenty years, which is the legal life of a public utility corporation in Illinois.

Quorum to Be Required.

Washington, Jan. 17.—The senate amended its rules to require the presence of a quorum before unanimous consent can be granted or revoked.

DEMOCRATS WANT
FRUIT OF VICTORYPressure Directed Against Re-
publican Officeholders.

NATION WATCHING NEW YORK

Result of Elections in Empire State
Good Index to Pulse of Entire Nation.
Direct Primaries Enable People to
Express Sentiments—Women Suffra-
gists at Capital Are Active.

By ARTHUR W. DUNN.

Washington, Jan. 17.—[Special.]—If the government of the United States were conducted upon the plan of an average big business concern it would not make any difference which party was in power so far as the tenure of the employees was concerned. But the government is not so conducted and never will be. So when there is a change of party management the victors want the offices which go with it. To many of them these places are important. They mean bread and butter; they are positions which they counted upon when they were working for the party, and when success crowned their efforts they expected the rewards of victory.

Every victorious party has generally made sweeping changes in the personnel of the officeholding force so far as it did not affect the civil service. Some administrations have been more vigorous than others in making changes, but changes there are after each election.

Pressure For Office.

And now, more than a year after election and before the new administration has been in power a year, the pressure for office is greater than ever before. Ever since March 4 Republicans who were appointed by McKinley, Roosevelt and Taft during sixteen years of Republican ascendancy are still holding good places in the government service. No wonder the Democrats are sore; no wonder the faithful are making demands; no wonder senators and representatives are urged to get busy and secure some of the official plums for faithful followers.

Eyes on New York.

In all the history of the nation New York has been the most important single element in the politics of the country. The Empire State has settled more presidential contests than any one state or any group of smaller states. Few times in the course of politics has it happened that New York cast its electoral vote for the losing presidential candidate.

As a consequence Washington is looking toward New York this year with more than ordinary interest. Four years ago, when a governor was to be elected, not so much interest was manifested because it was known that Tammany would name the next governor, and it was not believed that Tammany would name a presidential possibility.

This Year It's Different.

This year the nominees for governor on both tickets will be named in primaries, and the outcome will be watched with interest. If the Republicans should name a man who can win in New York this year the news of his victory will not be cold before he is discussed as a possible candidate for the presidency. The man who carries New York as governor is nearly always discussed as a possibility for the higher office, and this year, with Republicans casting about for a man who will make victory possible in 1916, the New York election is important from a national point of view. On that account the political developments in the Empire State are interesting to the men in politics in Washington who are scanning the political horizon in hopes of seeing what is going to happen.

Women Workers.

It looks as if the women were going to be about as active as any set of people this winter. If the house should create a woman suffrage committee it would be hailed as a great victory for the suffragists, and they will follow it up with a demand for action upon the joint resolution submitting the matter of votes for women to the people. If congress sidesteps the issue by creating a new committee, why should there not be another sidestepping by passing it up to the people at the polls?

The Social Whirl.

Before final action is taken on the Alaska bill it is quite likely that the whole question of government ownership will be discussed. The tendency has been to talk about that phase of national drift, possibly encouraged by the recommendations of the postmaster general that the telegraph and telephone lines be taken over by the government and operated as part of the postal system.

Government Ownership.

Before final action is taken on the Alaska bill it is quite likely that the whole question of government ownership will be discussed. The tendency has been to talk about that phase of national drift, possibly encouraged by the recommendations of the postmaster general that the telegraph and telephone lines be taken over by the government and operated as part of the postal system.

"The poet is born, not made," sayeth the proverb. In other words, it isn't his own fault.

KING GUSTAVE.

Favors Giving Women
the Power to Vote.

PLEADS FOR EQUAL RIGHTS

King Gustave Asks Parliament to
Grant Women Franchise.

Stockholm, Jan. 17.—King Gustave of Sweden, in his speech from the throne to the Swedish parliament, which he opened in person, announced the intention of the government again to ask parliament to grant women the franchise and the right of election to office and to parliament on the same conditions as are enjoyed by men.

DEPUTY AND TRAIN
ROBBER FIGHT DUELBandit Robs Passengers of Sev-
eral Hundred Dollars.

Atlanta, Ga., Jan. 17.—A bandit boarded Western and Atlantic passenger train No. 1 at Vinings, Ga., robbed passengers in one of the coaches of several hundred dollars and, after engaging in a pistol duel with a deputy sheriff who was on board, jumped from the train at Bolton, Ga.

Authorities at Bolton, which is seven miles west of Atlanta, have taken into custody a man said to answer the description of the robber.

The train runs from Chattanooga to Atlanta and most of the passengers were residents of Chattanooga and intermediate towns. As the train passed through Vinings a man entered the chair car, drew a pistol and began to collect valuables from the passengers.

He had robbed more than a score when C. C. Heard, an Atlanta deputy, who was returning from Rome, Ga., opened up on him. Half a dozen shots were exchanged, Heard being wounded slightly by a bullet which passed through his cheek. The bandit swung from the train as it slowed down at Bolton and disappeared.

CAPTURE GENERAL SALAZAR

Border Officials Take Mexican Soldier
From Train.

Presidio, Tex., Jan. 17.—Efforts of the border authorities to round up the Mexican federal generals who escaped from Ojinaga, Mex., when the rebels occupied that place, resulted in the arrest at Sanderson, Tex., of General Jose Ynez Salazar. He was taken from a train while en route to join the federal garrison in Mexico, opposite Eagle Pass, Tex.

Salazar is the seventh Mexican general to come into the custody of the United States authorities.

Salazar, who achieved distinction through his raids on the Mormon colonies in Northern Mexico, is wanted at Santa Fe, N. M., where he is indicted in the federal court on charges of conspiracy to smuggle arms and ammunition into Mexico.

STRIKE IS NEARLY ENDED

Conditions in South Africa Continue to
Improve.

Capetown, Jan. 17.—Strict press censorship under the martial law makes difficult the hearing of accurate news concerning the strike situation, but it is known the railway strike is almost ended, the situation at the mines is improving and the project of a general strike has been abandoned.

The mayor of Pretoria was arrested by mistake while he was engaged with a strike committee, endeavoring to induce them to have their men return to work.

GILL IN "COME BACK" ROLE

Former Seattle Mayor Announces
Himself as Candidate Again.

Seattle, Wash., Jan. 17.—Hiram C. Gill, who was elected mayor of Seattle in 1910, recalled for misconduct in office less than a year and defeated by Mayor Cotterill in 1912, announced that he would be a candidate for mayor in the approaching campaign. He was recalled on charges of tolerating gambling dens, disorderly houses and other vice centers.

PLANS TO AMEND
ANTI-TRUST LAW

BESIEGED WOULD GIVE UP

Beardsley Begins Negotiations for His
Surrender.

Mayville, N. Y., Jan. 17.—Edward Beardsley sent out word from his barricaded farmhouse at Summerdale that he was ready to talk surrender with the sheriff, providing his brother, James Beardsley, was brought here from Titusville to look after the children.

Sheriff Anderson at once sent a deputy to Titusville to ask the brother to come here.

The sufferings of the nine hungry and frost bitten children in the house, the sheriff believes, drove Beardsley to consider a peaceful surrender.

LOSE FIGHT FOR \$7,000,000

New Englanders Defeated in Contest
for Estate.

Los Angeles, Jan. 17.—Forty-one New England heirs of Abel Stearns, a pioneer who died in the early '70s, were defeated here in their contest for the \$7,000,000 estate of Mrs. Arcadia de Baker, formerly the widow of Stearns, and at her death the richest woman in Southern California.

2,300 Banks Would Enter.

Washington, Jan. 17.—Nearly 2,300 banks have made legal application for membership in the new federal reserve system and officials estimated that the day's applications will swell the number to more than 3,000.

Emperor's Coronation Nov. 10.

Tokio, Jan. 17.—The coronation of
Emperor Yoshihito has been fixed for
Nov. 10.

CAT LURES FARMER TO DEATH

Attempts to Kill Noisy Feline and Gun
Is Discharged Accidentally.

Spring Valley, Minn., Jan. 17.—The sleep of Peter J. Schnell, fifty-eight years old, a well to do farmer, was disturbed by the yowling of a cat. In a rage he thrust a shotgun out of a window and attempted to kill the animal. The gun missed fire and on examining it it discharged in the man's hands, instantly killing him.

SMALL CHILD KILLS

BANK PRESIDENT.

Boise, Ida., Jan. 17.—L. A. Martin, president of the Kuna Savings bank, was mortally wounded by the five-year-old son of Joseph Powell, five miles west of Kuna. Mr. Martin was at the Powell home on business matters. The child took a revolver from his father's coat, pointed it at Martin and fired. The bullet penetrated the brain.

Kindred Jobs.

"So you want to be a baseball umpire, eh?" said the magnate. "Are you prepared to give up all your friends?" "I never had any," replied the applicant. "I used to be a weather man."—Philadelphia Record.

Bill in the House Eliminates
"Rule of Reason."

AUTHOR CONSULTS PRESIDENT

Representative Stanley of Kentucky
Introduces Bill to Amend Sherman
Statute by Making Illegal the Mo-
nopolization or Restraint of Trade
"in Any Degree."

Washington, Jan. 17.—Representative Stanley of Kentucky, after a conference with President Wilson, introduced an amendment to the Sherman law which would make illegal the monopolization or restraint of trade "in any degree."

It is designed to eliminate the "rule of reason" laid down by the supreme court in the Standard Oil case.

The amendment also would invest the circuit courts of the United States with jurisdiction to restrain and prevent violations of the act, irrespective of the attorney general.

It was drawn to meet the wish of the president, expressed in his last message to congress, to reduce the debatable area surrounding the Sherman act.

The Stanley bill would amend the second and fourth sections of the Sherman law. In section 2, in which the supreme court injected the "rule of reason" the words "in any degree" are inserted so that the section would read:

"Every person who shall monopolize or attempt to monopolize or combine or conspire with any other person or persons, to monopolize it in any degree, any part of the trade or commerce, among the several states, or with foreign nations, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by fine not exceeding \$5,000, or by imprisonment not exceeding one year or by both said punishments, in the discretion of the court."

Remedy Will Be Open to All.

Concerning the question of jurisdiction in cases of violation of the trust laws Mr. Stanley declared that his amendment would make impossible any inaction under the act because remedy would be open to all.

"The provision in section 4 of the present act requiring all actions to be brought by the attorney general," he said, "has done more to render the Sherman anti-trust act ineffective than almost any other thing. The Sherman act has at times been a dead letter because some attorney general happened to regard it with indifference or hostility."

This section of the Sherman act would read:

"The several circuit courts of the United States are hereby invested with jurisdiction to prevent and restrain violations of this act; and it shall be the duty of the several district attorneys of the United States, in their respective districts, to institute proceedings in equity to prevent and restrain such violations."

"Any person who shall be injured in his business or property or shall be threatened with such injury by any other person or corporation by reason of anything forbidden or declared to be unlawful by this act may bring suit in equity in any district court of the United States in the district in which the defendant resides or is found, to prevent and restrain violations of this act and for other appropriate relief."

BONDHOLDERS EXTEND TIME

Action Saves Boston and Maine Road
From Bankruptcy.

Boston, Jan. 17.—An agreement by a majority of the holders of \$10,000,000 of the notes of the Boston and Maine railroad, due on Feb. 3, to an extension of four months was announced here.

Directors of the company hope that the minority holders will make the same concessions. In any event they say that the action of the majority has saved the company from possible bankruptcy or a receivership, for the time being at least.

With \$17,000,000 in notes coming due on June 2 the company will have to take care of the entire \$27,000,000 on that date, but officials hope that the balance sheet then will show improvement sufficient to encourage bankers to enter some sort of a general refunding plan.

TITANIC SURVIVOR

CAN'T SUPPORT WIFE.

Chicago, Jan. 17.—Albert Horswill, who says he was in charge of the last lifeboat to leave the Titanic, and the only man among the forty-five women and children in the emergency craft, told Judge Uhler in court here that he is unable to support his wife.

Horswill, thirty-eight years old, married an eighteen-year-old girl last November and deserted her a week ago.

"It would have been better if I had gone down with the Titanic," said Horswill.

"We have lately installed municipal shower baths at Klondike," said Ben Cunningham, the mayor of Klondike. "They are situated near the water tank and are easily obtained by standing within three feet of the tank when the road engine has just finished taking water and the surplus and unused portion is slopping over. Often the firemen on the engines get these baths but they hate like sin to take them in cold weather."

Returning to their homes today from attendance at the Northern Minnesota Editorial convention at Little Falls were F. A. Dare of the Walker Pilot, F. A. Wilson of the Bemidji Sentinel, Ed Kiley of the Grand Rapids Review who carried a load of cut glass presented to him by his colleagues, A. L. LaFreniere of the Grand Rapids Independent, E. B. Dahl of Pine River, E. O. Berg of Blackduck. Mr. and Mrs. George Erickson returned to their home in Spooner via Duluth. Editor Erickson was successful in getting the convention of the association at Spooner.

Hardening Soft Iron.
To harden soft iron wet it with water and scatter over its surface powdered yellow prussiate of potash; then heat to a cherry red heat, which causes the potash to melt and coat the surface of the soft iron; then immerse quickly in cold water and repeat the operation. A white heat must not be used, as this would not harden, but oxidize the iron. Care must be taken not to use red prussiate of potash instead of the yellow; it will not answer.

Here is a Chance to Get a Farm. 40 acres 3 miles from R. R. town, Cass Co. Good soil. \$10.00 per acre—\$25.00 down, balance \$10.00 per month. Don't let this chance go by. G. D. Clevenger, owner, Iron Exchange Hotel, Brainerd, Minn.—Advt. 18716

Zion Evangelical Lutheran church, corner of Main and Eighth streets will have German services Sunday morning at 10:30 and English services Sunday evening 7:30. All welcome.

Salvation Army—219 South Fifth street. Meetings are held on Sunday at 11 A. M. and at 8 P. M. Sunday school at 3 P. M. Also on Tuesday, Thursday and Saturday at 8 P. M. All are cordially invited to attend these services. E. A. Laverick, Captain.

St. Francis Catholic church, North Ninth and Juniper streets—Rev. Father J. J. O'Mahoney, pastor. Rev. John Crean, assistant pastor. Hours of service: Sunday mass 6:30 A. M. at St. Joseph's hospital. 8 A. M. at St. Francis church. 9:15 children's mass. 10:30 high mass. On Wednesdays, mass at St. Francis church at 7:30 A. M. and at St. Joseph's hospital at 6:30 A. M. Vespers at St. Francis church at 7:30 P. M. every Sunday evening, except during the months of July and August, when there are no evening services.

GEN. BUCKNER IN HISTORY.

Last Confederate Lieutenant General Responsible For Grant's Sobriquet.
With the death of General Simon Bolivar Buckner in his ninety-first year the last lieutenant general of the Confederate army has passed to the great beyond. General Buckner was a former governor of Kentucky and candidate for vice president on the gold Democratic ticket in 1896. He was leader of the Law and Order league, which helped to put down night riding in Kentucky.
General Buckner commanded a Confederate brigade at the battle of Donelson, surrendering the fort on Feb. 16 to General Grant, and it was through General Buckner that General Grant became known as "Unconditional Surrender" Grant. Buckner wanted to know what terms he could get if he gave up.
"No other terms than an unconditional surrender can be accepted," replied the Union general. "I propose to move immediately upon your works."
General Buckner was the oldest living graduate of West Point.

LIVER DIET CAUSE OF GOITER.

Discovery Is Made Through Experiments on Fish.
Goiter is caused by improper nutrition, according to an announcement in the Journal of Experimental Medicine, the official organ of the Rockefeller Institute For Medical Research.
Dr. David Marine of the H. K. Cushing laboratory of Western Reserve university in Cleveland has demonstrated that brook trout fed on liver in hatches developed the disease and that a group fed with whole sea fish did not contract it. Fish suffering from goiter recovered on a sea fish diet.
The observations of Dr. Marine are important, as the exact cause of the disease has been unknown.

Columbia Theatre
THE BEST PICTURES AND MUSIC
EDWIN HARRIS BERGH, MGR. BRAINERD-MINN.
READ
A few advantages that will soon be given to the theater going public of Brainerd.
1. Nearly two blocks from the railway traffic and its continuous noise.
2. Exterior that has not an equal in the state of Minnesota, costing nearly \$4,000.
3. Interior furnished with colors that are restful and perfect in every respect.
4. Seats 20 and 21 inches wide.
5. The rows are 31 to 32 inches apart, giving ample room to move.
6. 17 foot ceiling and perfect ventilation. Complete change of air every 4 minutes.
7. The very best in moving pictures.
8. Music that cannot help but delight the ear.
9. Everything built and arranged for comfort.
10. Ushers who will always give each and every one the same courteous attention.
11. Matinees every day from 2:30 until 4:30, giving opportunity for many to attend who otherwise find it almost impossible.
12. The screen upon which the pictures will be shown has not an equal anywhere.
13. The acoustics is perfection in itself, a very rare occurrence among theatre buildings.
14. By the new system of indirect lighting the theatre is never dark in fact every light is on during the whole performance.
15. There are nearly 550 seats and same arranged in a manner approved by six of America's greatest theatre manufacturers.
16. Everything in music from popular ragtime to Wagnerian opera.
17. Only ten advertising slides, making an almost unbroken show.
18. Seats arranged so that a perfect view of the screen is possible.
19. Theatre supplied daily with current events displayed in outside lobby from the American Press association of New York.
20. National music will be played from any country of the globe, upon request.
21. Suggestions as to added improvements or comfort given prompt attention.

BOOSTERS PRAISE THE CITY COUNCIL

Adopt Resolutions Thanking Them
For Progressive Stand Taken
on Public Questions

COMMEND CITY OFFICERS TOO

Boosters Recommend Purchase of Additional Lot at City Hall Site
—Other Action Taken

The Boosters had a meeting last night which completely filled the city council chambers. Every seat was taken. Every moment of the meeting was devoted to the discussion of live topics.

The Boosters went on record as favoring the course taken by the city council in many of the public questions affecting the welfare of Brainerd. On motion the following resolution introduced by George H. Gardner was unanimously adopted by a rising vote.

"Whereas, many important matters have come before the present city council for solution, and have been handled by them in a prompt and business like way, and, we believe, with satisfaction to the majority of the citizens of Brainerd.

"Therefore, be it resolved, that the Booster club of Brainerd, in regular session assembled, tender a vote of thanks to the members of the Brainerd city council for the public spirited and progressive stand they have taken on questions affecting the welfare of the city, and we commend them for their earnest application to their duties and the results they have achieved, and we also thank all officers of the city who have worked in harmony with the council and aided them in their work. We are also proud of the fact that the majority of the council and other city officers are members of the Booster club.

Be it further resolved that a copy of this resolution be forwarded to the city council of Brainerd."

President of the Council C. A. Lagerquist was called on and made a short address.

The leasing of the city's mineral lands was discussed. After some argument a resolution was adopted favoring the acceptance of any proposition from reliable or responsible parties for exploring and drilling immediately the tracts of land donated to the city by the late Judge G. W. Holland, being a year's option to drill and if ore is found a fifty year lease at 30 cents a ton royalty with 10,000 tons as the first year's minimum, and 25,000 tons annually thereafter. This provision was also embodied, "that in the event regular mining operations are begun by sinking the shaft before the end of one year and such work is continuous, then and in that event the minimum royalty referred herein will be waived so long as the operations are energetically and honestly pushed towards the point of production, provided the time shall not exceed three years at the most."

I. E. Bunnell, a new member gained by M. Woodley, was accepted as a member.

Various recommendations were made regarding the city hall. It was urged that a rest room be provided for farmers and others, with tables, chairs, etc., for their convenience. The Associated Charities should also have headquarters in the city hall.

A. L. Hoffman read a poem on "Stand By Your Town." The committee on public improvements is to be increased to one of five members. The bylaws are to be amended to permit the committee to be composed of three or more members.

The various chairmen of committees made reports and the work in the aggregate showed that all are working faithfully and boosting energetically.

A. L. Hoffman related the progress made by the Commercial club in furthering the farmers' warehouse proposition.

Edwin Harris Bergh, of the Columbia theatre, has promised the proceeds of a show to the Boosters to aid them in their booster propaganda and the club thanked Mr. Bergh for the interest shown in the club.

The club went on record as favoring the purchase by the city of the entire quarter block at the northeast corner of S. 5th and Laurel Sts. This would give a site bounded by the streets on two sides and the alleys on the other two sides.

What Grieved Her.
Maud (weeping to governess after having received a well deserved whipping from her mother)—It isn't the smacking I mind. It's—It's mummy making herself so ridiculous.—London Punch.

Wonderful Cough Remedy
Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. D. P. Lawson of Eldon, Tenn., writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds. Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for all the members of the family. 50c and \$1.00. All Druggists or by mail. H. E. Bucklen & Co., Philadelphia or St. Louis.—Adv.

SCHEERS HEADS THE EDITORS

Charles Scheers, editor of the Akeley Herald-Tribune, was elected president of the Northern Minnesota Editorial association at Little Falls by unanimous ballot. Fred Schilpin, of St. Cloud, was elected vice president and A. G. Rutledge of Bemidji, was re-elected secretary and treasurer. The executive committee is composed of M. C. Cutter, Thief River Falls, Asa Wallace, Sauk Center, George Erickson, Spooner.

The summer meeting will be held at Spooner and the next winter meeting at Thief River Falls.

ASSOCIATED CHARITIES

Elect a President and Delegate-at-Large at Last Night's Meeting in Council Chambers

The Associated Charities held a special meeting at the council chambers Friday evening and voted first on the amendment to change the bylaws regarding the election of officers. It was voted down and the constitution and bylaws stand as originally adopted at the Trades & Labor hall meeting.

Alderman James R. Smith, who served as president pro tem, was elected permanent president.

The representatives present then voted on the office of delegate-at-large. There were first three candidates and after three ballots Mrs. Amy J. Bertram was elected.

BRAINERD BOWLS OVER LITTLE FALLS

Brainerd's Representative Team Beats
Down River Pin Splitters
by 361 Pins

TENSE, EXCITING GAME PLAYED

Brainerd Went to the Scene of the
Combat on Freight Train No.
705 Yesterday

Brainerd's representative team of bowlers beat the Little Falls quint by 361 pins yesterday.

The locals composed of Messrs. Henry, Quinn, Holson, Cook and Zimmer left on the palatial freight train No. 705 and the engineer worked the air so well and shook the caboose just the required number of times to impart the "pep" into the Brainerd men which won the game from the Little Falls men.

Little Falls did some loud rooting at the start off but gradually the game became so exciting that you could hear the proverbial pin or the bowling alley pin drop.

Here is the score in detail:

BRAINERD.		
Henry	157	133
Quinn	167	155
Holson	144	167
Cook	167	166
Zimmer	174	202

	809	823	721
--	-----	-----	-----

LITTLE FALLS		
Ploof	125	140
Smith	110	112
Venners	150	118
Gannon	125	149
Chillis	147	120

	657	639	696
--	-----	-----	-----

Total pins:

Brainerd -----2353

Little Falls -----1992

Brainerd wins by 361.

The Brainerd men were royally treated and nicely entertained. A return match will be played in Brainerd at the Coffrain & Cook alleys on Sunday, January 25.

Worms the Cause of Your Child's Pain

A foul, disagreeable breath, dark circles around the eyes, at times feverish, with great thirst; cheeks flushed and then pale, abdomen swollen with sharp cramping pains are all indications of worms. Don't let your child suffer—Kickapoo Worm Killer will give sure relief—it kills the worms—while its laxative effects add greatly to the health of your child by removing the dangerous and disagreeable effects of worms and parasites from the system. Kickapoo Worm Killer as a health producer should be in every household. Perfectly safe. Buy a box today. Price 25c. All Druggists or by mail. Kickapoo Indian Med. Co. Philadelphia or St. Louis.—Adv.

Professor Blackie's Opinion.

A serious minded lady once tried to lure Professor Blackie into giving his opinion of Sankey's hymns at a time when they had an enormous vogue. The lady was giving the professor lunch, and he tried to fob her off by praising a Stilton cheese on the table. Some time after the lady sent him a copy of Sankey and a piece of the cheese, hoping thus to draw him. She succeeded to the extent of these four lines of verse:

Thrice blessed is she that hath done what she could
To make a lean man fat and a bad man good—
For the body, cheese; for the soul, Sankey;
For both, thankee.

Hugging Made Luxury Few Can Afford.

Because Charles P. Webber, sixty-four years old, of Brookline, Mass., hugged Mrs. Harriett E. Lamberton, sixty-two years old, a Norfolk county superior court jury returned a verdict against him of \$13,500. In trying to elude Webber Mrs. Lamberton fell downstairs and broke a leg.

JOE GRAVES IS IN LIME LIGHT

Young Chippewa Indian Pitcher of
Walker to be Tried Out by
Connie Mack

ED. ROGERS IS HIS SPONSOR

Graves' Father Favors Philadelphia
as He Went to the Indian
School in That City

Brainerd and Walker fans may soon see another star added to the Bush-Bender galaxy and he is young Joe Graves, of Walker, the Chippewa Indian pitcher who made such a good record pitching in Ed Rogers' team and in playing with Brainerd.

Graves pitched for the Brainerd city team and made a good record. The lad had a world of speed, good control and an assortment of curves. Possessed of an unruffled temper, cool and clear-headed, he pitched the same steady game regardless of any flukes his Walker team mates sometimes made.

His sponsor is Edward L. Rogers, former Minnesota university football player and one of the most widely

Center Figure Standing is Joe Graves. At his extreme right is his father, Peter Graves. Seated at the left, wearing "W" on sweater, is Rogers

known athletes in the country. Honors have crowded fast and thick on Ed Rogers since leaving the university. He is now county attorney of Cass county. He is one of the delegates with Bender to represent the Chippewas at Washington. He was made a chief of the Chippewas at a recent council meeting.

Rogers headed an Indian team last year which played all of the best independent organization in the section about Brainerd, Walker and Bemidji. Rogers declared that "Graves had the goods" and should make a star some day.

Rogers and the father of young Graves have advised Joe Graves to throw his fortunes with Connie Mack. Joe's father is rather partial to Philadelphia for he went to the Indian school at that place and played ball in that town.

The picture shown above was made at the time Walker and Staples played at Staples, and the Dispatch is indebted to Ed Rogers for the photograph.

Joe Graves was born at Red Lake, July 31, 1895 and so is in the 18 year class. He moved to Walker when very young and got most of his baseball training there.

He is 6 feet 1 inch tall, weighs 160 pounds, is a left-handed pitcher and bats right-handed. He is at present a senior at the Flandreau Indian school at Flandreau, S. D. His father is the issue clerk at the Indian agency at Onegam.

For Frost Bites and Chapped Skin

For frost bitten ears, fingers and toes; chapped hands and lips, chilblains, cold sores, red and rough skins, there is nothing to equal Bucklen's Arnica Salve. Stops the pain at once and heals quickly. In every home there should be a box handy all the time. Best remedy for all skin diseases, itching eczema, tetter, piles, etc. 25c. All druggists or by mail. H. E. Bucklen & Co. Philadelphia or St. Louis.—Adv.

Good Advice.

Never forget the advice of Themistocles. Said that ancient, "I would bestow my daughter upon a man without money, but not upon money without a man." Just change money for title and see the different reading: "I would bestow my daughter upon a man without title, but not upon title without a man."—New York Press.

STILL PLAYING GAME

The Fake Express Package Story and
Luring Merchant Away and
Robbing Store Still Done

The game tried out in Brainerd of telephoning about a fake express package and luring a merchant from his store while his store was being robbed, is still going the rounds, and the operators are now at work in Chisholm and the north Mesabi range.

A dispatch from Chisholm published in the Duluth Herald states that two strangers by the use of a telephone call to distract attention, robbed the cash register of William Jacobson at Chisholm at about four o'clock in the afternoon of January 14. Seventy-six dollars in cash and an \$80 note were taken.

One man called Jacobson to the telephone next door and held him on a ruse of a package at the express office needing to be identified, while the other entered the shoe store and rifled the cash register and then walked out. Jacobson did not discover the loss until in the evening when he checked up his cash register.

It is believed the men took a trolley car out of town. The police are

OFFICERS INSTALLED

By the Mrs. J. J. Hill Div. 173 of the
G. I. A. to the Brotherhood of
Locomotive Engineers

An Ideal Woman's Laxative

Who wants to take salts or castor oil, when there is nothing better than Dr. King's New Life Pills for all bowel troubles. They act gently and naturally on the stomach and liver, stimulate and regulate your bowels and tone up the entire system. Price 25c. At all Druggists. H. E. Bucklen & Co. Philadelphia or St. Louis.—Adv.

Application for Transfer of Liquor License

To the Council of the City of
Brainerd, Minnesota:

The undersigned, H. Grossman, hereby makes application to transfer his license to sell intoxicating liquors, at, upon and in the room and premises described as follows, to-wit: No. 714 Front street on the ground floor, in the city of Brainerd, from February 3rd, 1914, until July 3rd, 1914, to Theodore Prescott, No. 714 Front street, ground floor.

Dated Jan. 16th, 1914.

(Signed) H. GROSSMAN.

Said transferee has never been licensed to sell intoxicating liquors.

Notice is hereby given that a hearing on the above application will be had on February 2nd, 1914, at 8:00 o'clock p. m., at a regular meeting of the City Council of the City of Brainerd.

Dated January 16th, 1914.

V. N. RODERICK,
City Clerk.

DEVELOPMENTS OF WEEK ON RANGE

Cuyuna Range is Distinguished by the
Number of Independent Steel
Companies Operating

1914 WILL BE A BUSY SEASON

Much Work Being Done Near Brainerd, Crosby, Ironton, Cuyuna and Deerwood

The Cuyuna range, youngest of the Minnesota iron ranges, is distinguished by the number of independent steel companies exploring and developing its area.

The Rowe pit mine of the Pittsburgh Steel Co. has uncovered an immense body of ore and is in readiness to ship as soon as navigation opens. The hydraulic plant operated by electricity has closed down on account of cold weather and the shovel, also engaged in stripping, has ceased operating.

The work of exploring the property of the Cuyuna Iron & Manganese Ore Co. continues unabated, two drills being at work in section 10, township 46, range 29. Mining operations will probably be instituted this season and a pit mine developed.

There is an unconfirmed report prevalent to the effect that Roger Hill of the C. M. Hill Lumber Co. may open up a property west of the Pennington pit mine.

The Adams mine at Orelands is drifting on the 207 foot level and has encountered little water. At a point 295 feet from the shaft the ore body was struck and after traversing 25 feet of lean ore the real ore body will be encountered. The mine will soon be stockpiling. This mine is one of the best equipped and most modern plants on the Cuyuna iron range. It is the only concrete shaft on the south range and in its sinking all difficulties were surmounted with the characteristic perseverance of Cuyler Adams. Considerable cross cutting is also contemplated.

There is a report that Shenango Furnace people have inspected properties on the range and figure on opening up some of them.

The Canadian-Cuyuna Ore Co. will soon develop its holdings in section 13, township 45, range 30 east of Brainerd. The overburden is not of great depth and drilling has revealed a large deposit of ore, the work of exploration having been carried on by the Longyear Exploration Co.

Within 24 hours after securing the option to drill the county farm of Crow Wing county in the south half of the northwest quarter of section 33, township 45, range 30, the Longyear people had two drills on the land. Nine holes are to be put down and if acceptable the Longyear Exploration Co. may call for a 50 year lease at 30 cents a ton and a minimum tonnage of 10,000 tons the first year, 20,000 tons the second year, 30,000 tons the third year and 40,000 tons annually thereafter.

Erick Kronberg, of Brainerd, has put a drill on his land in section 6, township 44, range 30 near the county farm. Other Brainerd men and companies will soon have drills at work on the south range.

The Brainerd-Cuyuna Mining Co. is now down over 75 feet in its shaft and getting near ledge which is at 92 feet. About 400 gallons a minute is being pumped.

The Cuyuna Range Townsite Co., which platted an addition east of Brainerd, contemplates putting on a drill in the spring to search for ore.

The city of Brainerd has received bids to explore and develop the lands bequeathed to it by the late Judge G. W. Holland.

The Barrows mine is working on its compartment shaft and is also hoisting ore and stock piling.

The income tax will soon affect Cuyuna range people and its various provisions are being studied. The Northwestern improvement company is one of the heaviest disburers of royalties in the district, its holdings being scattered all over the range and consequently affecting many fee-holders.

The Armour No. 2 is working full shifts. The Kennedy mine at Cuyuna, says Supt. H. J. Kruse, may get out a stock pile of about 100,000 tons. A day shift is employed at present and work is being carried on to get the mine in shape for heavy shipments directly from the shaft when navigation opens. The town of Crosby regards with satisfaction the report that the Armour No. 1 of the Rogers, Brown Ore Co. may ship when navigation opens. The Meacham mine, which has never shipped,

DEVELOPMENTS OF WEEK ON RANGE

(Continued from page three)

may also open up. It has a concrete shaft and for a time was allowed to fill up with water. Active mining operations in the district about the north end of Rabbit lake has been practically reduced to the state of water in the shaft.

The Cuyuna Central Iron Co. continues to attract attention, two diamond and two churn drills exploring the holdings in section 27, township 47, range 29.

The Helmer Exploration Co. has four drills at work, two in section 10, township 46, range 29 being operated by the Cuyuna Iron & Manufacturing Co.; one working north of Rabbit lake in section 19, township 47, range 28 and one drill working near the village of Derwood in section 16, township 46, range 28.

J. H. Hugener and John Haney, of Sault Ste. Marie, have put two drills on in section 47, township 47, range 28. The Crow Wing Mining Co. has resumed drilling on its lands north and west of Cuyuna. The drill at the northeast end of Rabbit lake has been removed to Cedar lake.

In a report furnished, E. J. W. Donahue, of the Locker-Donahue Co., gives a comprehensive review of the work done and planned by the Cuyuna-Mille Lacs, the Cuyuna-Duluth, the Duluth-Brainerd, the Cuyuna-Sault Ste. Marie and the Cuyuna Iron Valley Mining companies.

Of the Cuyuna-Mille Lacs Mining Co., Mr. Donahue states that this company has made good progress in accumulating a pretty good stockpile since the close of navigation, and in addition to this is making some all rail shipments to Michigan points. It is estimated that they now have about 6000 tons in stockpile. They have also completed the timber shaft to the 126 foot level, which was done in record time, the entire shaft having been completed and timbered the entire distance in about 30 days. An additional pump of about 2000 gallons capacity is also being installed, which will be ample to take care of the water situation very nicely.

FOR THE GRIP

Peruna Is Sometimes Used With Good Results

A great many people use Peruna for the grip. Some use it as soon as the grip begins, taking it during the acute stage of the disease, claiming for it great efficacy in shortening the disease, and especially in shortening the after stages. Many people take it after they have had the grip. Their convalescence is slow. They have suffered along for a month or two, without any signs of complete recovery. Then they resort to Peruna as a tonic, with splendid results.

Mrs. Jane Gift, R. F. D. 1, Athens, Ohio, whose portrait appears above, writes: "I think I would have been dead long ago if it had not been for Peruna. Six years ago I had a gripe very bad. The doctor came to see me every day. But I gradually grew worse. I told my husband I thought I would surely die if I did not get relief soon.

"One day I picked up the newspaper and accidentally found a testimonial of a woman who had been cured of gripe by Peruna. I told my husband I wanted to try it. He went directly to the drug store and got a bottle of Peruna. I could see the improvement in a very short time and was soon able to do my work. I continued using it until I was entirely cured."

Mr. Victor Patneade, 328 Madison St., Topeka, Kas., writes: "Twelve years ago I had a severe attack of the gripe and I never really recovered my health and strength, but grew weaker every year, until I was unable to work.

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again. This winter I had another attack of the gripe, but Peruna soon drove it out of my system. My wife and I consider it a household remedy."

Those who object to liquid medicines can now obtain Peruna Tablets.

... Your Druggist for Free Peruna

Lucky Day Almanac for 1914.

Mining is being continued with a force of about forty men.

To date this company has about 4000 feet of drifting from which its product has been obtained, and a remarkable feature in connection with the vast amount of drifting and development work is the phenomenal fact, that not a bit of material has been wasted. Every bit of the material taken from this amount of drifting has been shipped and sold. The company is now inaugurating plans that will enable them to ship upwards of 200,000 tons during the season of 1914.

The Cuyuna-Duluth Iron company is stock-piling from their mining on the 200 foot level, which has been thoroughly opened up by drifts, raises, etc., and the directors are very gratified in having discovered an additional lense of ore in an area which had not been covered by drilling, and which promises to increase the tonnage of the Ironton mine very materially. The drift into the new lense is now in 80 feet of ore averaging about 64 per cent. Should this continue for another 80 feet, it would undoubtedly mean the doubling of the tonnage of the Ironton property. In addition to this work, the shaft is being sunk to the 300 foot level and at present has just about reached that point, so that within 30 days at the outside a new station will have been opened up on the second level, giving the mine two levels to work from with 100 feet of ore above each which will enable them to get out an excellent tonnage during the coming summer and it is expected that this mine will ship about 200,000 tons during the season of 1914.

The directors of the Duluth-Brainerd Iron company report the shaft, which is a large three compartment shaft, down 72 feet having reached the ledge at 57 feet and in this connection it must be remembered, that this is the best record, so far, made on the Cuyuna range in shaft sinking, having put the shaft to ledge, in excellent condition in less than sixty days. It is the intention to sink this shaft to a depth of 150 feet, from which point drifting will be commenced and the stockholders should certainly feel very proud of the record that has been made up to this time.

The Cuyuna-Sultana Iron company is busily engaged in drilling. The fourth hole, which was recently commenced on the Campbell forty adjoining the Cuyuna-Mille Lacs property on the east, went into ore at 58 feet which gives the directors every reason to believe that this is going to make an excellent mine for this company; as it will be remembered that the other three holes are in ore and that hole No. 3 was bottomed in ore at 535 feet. Drilling by this company on section 16-46-28 in hole No. 2, at last report, was in 80 feet of nice ore.

The Cuyuna Iron Valley Mining company has been successful in finding ore in two, out of three, holes drilled on what is known as the Lindstrom farm across Rabbit lake from the Kennedy mine. This company owns about 80 acres in fee in the locality mentioned and has options for leases on five other tracts in the same locality on very favorable terms, which promises to produce good results.

The townsite of Iron Mountain recently platted and placed on the market by the Steelton Land & Townsite Co., has surrounding it properties holding large deposits of manganese and high grade ore. The Soo line has already built to the town and the Northern Pacific railway will tap it on the extension built from the Cuyuna-Mille Lacs mine.

The Grover Iron Ore Exploration Co. has given an option to the Cuyuna Central Iron Co. covering the northeast quarter of the northwest quarter and the northeast quarter of the northeast quarter of section 27, township 47, range 29.

C. H. Warner, of Aitkin, has sold to John B. Galarneau, of Aitkin, for \$600 an undivided one-fourth interest in government lot 3 and the east half of the southwest quarter of section 24, township 137, range 26. George Redmond has sold to Louis Rouchelleau, of Minneapolis, one-half the mineral rights in the southwest quarter of the northwest quarter and lot 5 of section 4, township 137, range 26. Frank Thiens has sold to P. S. Adams the west half of the southeast quarter and the northeast quarter of the southwest quarter of section 5, township 43, range 30. Congressman C. A. Lindbergh has sold to L. A. Seal a one-two hundred and sixty-fourth part of the northeast quarter of the southeast quarter and lots 7 and 8 in section 22, township 43, range 32.

H. Cole Estep, of Chicago, associate editor of the Iron Trade Review, on January 13 stated that "optimism, which has been a dominant characteristic of the western iron and steel markets for the past three weeks, now has a more substantial reason for its existence. Broadly speaking, more tonnage was booked between January 6 and January 13 than during any other week in the past four months. The buying has been well scattered and has been featured by a lack of large individual orders. The railroads are not, so far, dominant factors in the movement, which gives reason to believe that the turn has come in general industry and that business may show progressive improvement during the remainder of the year.

"Since the holiday shutdown, plants have been running at a slightly improved pace. The Gary plant

VINCENT ASTOR ON SOCIALISM

Tells Upton Sinclair Why He Rejects His Doctrine.

CALLS IT IMPRACTICABLE.

Concedes There Are Industrial Evils, but That Other Means Will Correct Them—Believes Toolers' Conditions Have Improved and Author's Calamitous Prophecy Unwarranted.

YOU'RE BILIOUS AND COSTIVE!—CASCARETS

Sick Headache, Bad Breath, Sour Stomach, mean Liver and Bowels Clogged—Clean up tonight Get a 10-cent box now.

Furred tongue, bad taste, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleaning and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.—Adv't.

PLANTING SAMPLE FOREST.

Most Unique Arboretum in World to Grow Every Tree in United States.

In the District of Columbia there is to be a "national forest," showing practically every kind of tree in the United States and how it grows under real forest conditions. This forest will cover about thirty-five acres and is being planted by the United States forest service in co-operation with the authorities of Rock Creek park. The site is in the vicinity of Camp Good Will, where the poor children of Washington and their mothers go for a vacation in the summer.

This arboretum is declared to be unique in this country, if not in the world. The trees in the Rock Creek arboretum have been planted in groups, each group made of a single species. This will show the behavior of the trees under forest conditions, rather than their behavior as individual park trees, each one by itself. It is the belief of forest service officials that this plan will also help the trees to grow more thickly. The foresters declare that the trees which grow in forests or in groups have tall, straight stems, with a comparatively small tuft of foliage at the top, whereas the open grown tree has a short, thick trunk and a wide spread of branches.

Good Catch. "The doctor doesn't like my symptoms."

"Then why don't you have some symptoms that will please him, Grace? He is rich and very handsome."—Pittsburgh Post.

PELLAGRA NOW MENACES NATION

Fifty Thousand Known Cases in the Last Six Years.

FUNDS NEEDED TO FIGHT IT

Startling Report of Surgeon General Blue to Secretary McAdoo Is Likely to Result in Call Upon Congress to Make Appropriation For a Hospital in the South.

So alarming are the reports of the spread of pellagra laid before Secretary McAdoo by Surgeon General Blue of the public health service that congress probably will be urged to make a special appropriation to rent a hospital building in the south, establish laboratories there and make a study of the disease in all its phases.

Since the disease was discovered in 1907 there have been about 50,000 cases of it in thirty-four states of the Union, and a national remedy, a national defense, is said to be imperatively needed.

While pellagra has been recognized for several hundred years, it is still one of the most baffling diseases with which the medical profession deals. The public health service has been struggling hard with investigations of the disease since its discovery in this country a half dozen years ago, but the alarming extent to which it has spread has brought a flood of appealing letters to Secretary McAdoo and has led to a determination to urge congress to act quickly.

Sometimes Causes Insanity.

In some of its phases pellagra resembles leprosy, and in some respects it is even more to be dreaded than leprosy, physicians say, because pellagra frequently affects the mental organism and leaves its victims insane.

One physician, in reporting conditions in his locality, recently said:

"Calling it 'pellagra,' the public does not know the nature of the malady and gives very little heed to its great menace, but were we to speak of it as leprosy the whole country would be crying out in wild alarm. And, so far as the public menace goes, we are not yet justified in saying that it is not just as great a dread as leprosy itself."

Corn Diet Theory Unproved.

There has been a popular notion that it is caused by a corn diet, but physicians are not yet ready to adopt that theory. One of the chief purposes in establishing the special hospital is to develop research in that direction. It is also unknown whether or not the disease is communicable and by what means it is transferred, if at all.

The most characteristic symptom of the disease is an acute rash on the hands and parts of the body. This manifestation is said oftentimes to resemble a scald or severe sunburn. Soon after this appears, in severe cases, the patient becomes seriously ill, and many times death or insanity quickly follows. Sometimes the attacks disappear and recur with increased violence.

While probably existent in parts of the United States for a great many years, pellagra was an unknown and a negligible quantity in this country until six years ago. Appearing then and recognized in small numbers in Alabama, it has since steadily increased in the number of its victims, and the territory involved, until it has become a national problem.

A Human Bungalow. "Pikson didn't impress you favorably, then?" "No; he's just a bungalow." "A what?" "A bungalow. He hasn't any foundation."—Newark News.

EVER HAVE IT?

If You Have, the Statement of This Brainerd Citizen Will Interest You

Ever have a "low-down" pain in the back?

In the "small" right over the hips? That's the home of backache. If it's caused by weak kidneys, Use Doan's Kidney Pills.

Brainerd people testify to their worth. Read a case of it:

Charles D. Erickson, 1103 E. Oak St., Brainerd, Minn., says: "I was annoyed at night by kidney weakness. My back ached awfully and it was hard for me to get around. For several weeks I couldn't do any work. I doctored, but got no benefit until I procured Doan's Kidney Pills at H. P. Dunn's drug store. They soon fixed me up in good shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Erickson had. Foster-Milburn Co., Props., Buffalo, N. Y.

Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk. The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

This famous Doctor's prescription has been recommended for over 40 years, and is today just as big a success. Restores a healthy appetite. Cleanses the blood. Strengthens the nerves. Regulates stomach and liver. Demand the original.
